### **How We Accomplish Our Mission**

**Habitat builds and rehabilitates simple, decent houses with the help of the homeowner (partner) families. This is accomplished through volunteer labor and tax-deductible donations and materials. Habitat houses are then sold to the partner families at no profit and are financed with affordable, no-interest loans. The homeowners' monthly mortgage payments are then placed into a revolving fund that is used to build more houses.**

**Evergreen Habitat for Humanity (EHFH)** is an affiliate office of Habitat for Humanity International and has worked to improve the living conditions for low-income Clark County residents. The non-profit organization works in partnership with people in need from all walks of life to develop communities by building safe, affordable housing.

**Habitat for Humanity International** is an ecumenical Christian ministry that welcomes to its work all people dedicated to the cause of eliminating poverty housing. Since its founding in 1976, Habitat has built more than 350,000 houses worldwide, providing simple, decent and affordable shelter for more than 1.75 million people. For more information, visit [www.habitat.org](http://www.habitat.org).
